VINTAGE COLLECTION
PICK YOUR PLAN
HOMESITE 225

Homesite 225 presents a rare chance to create a beautifully tailored home in the Vintage Collection at Waterhaven. Designed with a rear-entry garage and a focus on architectural flow, this homesite highlights a collection of plans that prioritize comfort, light, and connection to outdoor living.

At the heart of each design is a central courtyard or covered outdoor space, thoughtfully placed between the main living areas and the owner's suite. The main level layout is open and inviting, with the kitchen seamlessly connected to the dining and family room, while the owner's suite on the main delivers a private, luxury-driven experience with a spa-inspired bath and refined detailing.

Upstairs, additional living space unfolds with two bedrooms, a shared bath, and a versatile loft, with opportunities to expand through a bonus room or fourth bedroom. Large windows throughout bring in natural light, enhancing the home's overall sense of openness.

Located in Waterhaven, Homesite 225 offers the opportunity to design a home that feels both elevated and approachable, in a community defined by thoughtful planning and everyday convenience.
